- Breakout sessions are scheduled in session rooms with standard audio visual equipment which includes a screen, LCD projector, podium, podium microphone and two lavalier microphones. Electronic signage at the session room will display the session information.
- Solution EXPO theater presentations take place in a premier position on the show floor. Standard set up includes basic A/V (microphone / speakers and a screen on which your presentation will be projected) and seating for attendees.

INSTRUCTIONS TO ENTER SPONSOR SESSION AND SPEAKER DETAILS

1. Once you click the link above, please enter your IBM ID email address and password to log in. This ID is different from the PartnerWorld ID. If you do not have an IBM ID, click MY IBM ID and follow the instructions to register a new IBM ID. Within a few minutes, your IBM ID will be active.

PLEASE DO NOT BOOKMARK THIS PAGE.
This page is only displayed if you are not already signed in.

■ **Clients and IBM Business Partners:** To login, you will need an IBM ID. An IBM ID is an active email address and a password you can easily remember. Note that all submitters and speakers need their own IBM ID as this is how the system identifies each user upon login. This will become especially important if a proposal is accepted and the speakers need access to their online speaker kit. If you do not already have an IBM ID, the process for creating one is quick and easy. Simply click [My IBM ID](#), and complete the fields. Please note, this will redirect you to the IBM ID Site. Please keep the Call for Speakers tab/window open in order to return. Within a few minutes, your IBM ID will be active and you can proceed to the site. If you have difficulty logging in, please contact impactspeaker@maritztravel.com for assistance.

■ **IBM employees:** Use your IBM intranet ID (SameTime) and password to login and access the site.

3. The site will recognize your session benefit(s) and provide a link to submit the session(s) available to you. Click on the corresponding link to begin.
4. Submit your proposal(s) by completing the required fields in both the ‘Proposal Details’ and the ‘Speaker Assignment’ steps.
 - Titles have a limit of 100 characters maximum including spaces.
 - Abstracts have a limit of 750 characters maximum including spaces.
 - When you are done updating the Proposal Details, click the **“Save and Continue”** button at the bottom of the form. This will take you to the Speaker Assignment step.

- On the Speaker Assignment step, you will assign the speaker(s) who will present the session. Remember that a speaker must first have a speaker profile before he/she can be assigned to a session.
 - To add a speaker profile, enter the speaker's information in either the last name OR the email field and click the **"Search"** button. If the search result locates the necessary speaker profile, click **"Select"** next to the speaker name within the Speaker Search Results section to attach that speaker to the proposal record. Repeat this step as needed. If the speaker is not found, you will need to select **"Create a speaker profile"** from the right hand navigation.
 - **Creating a new Speaker Profile:** A speaker profile must be created for each presenter at the conference. This enables your proposed speaker to appear in the list of available speakers when assigning speakers to a session proposal. If the speaker you are adding is not already in our database, you will need to create a speaker profile for that speaker.
 - When you have created the new speaker profile, please select **Return to the proposal Submission Process** and locate your Session Proposal within the **Session Proposals** area and navigate to the **Update Assigned Speakers** area (on the right nav). From this area, you can search for the speaker, based on the new profile created, and assign that speaker to your session.
 - **NOTE:** Both breakout sessions and EXPO theater sessions have a limit of 2 speakers
 - **IMPORTANT:** After you have updated the speaker assignments, click the **"Finish"** button on this page. If you forget to click the "Finish" button, your proposal will remain in "Draft" status. Proposals in "Draft" status are incomplete and may not be processed in a timely manner. You may login and update your "Draft" proposal using the "Update" link on the website.
5. You will receive an auto reply acknowledging your proposal. This email will provide a 4-digit session ID number for you to reference for future inquiries.
 6. Once this is complete, please contact insightspeaker@omnienceevents.com to have your session reviewed. We will check your session for completion and will send you instructions for scheduling your session.

Instructions for IBM Business Partners: How to Submit a Document to the e-Literature Library

Dear IBM Business Partner,

We are encouraging all IBM Business Partner sponsors / exhibitors to use the e-Literature Library capability to share collateral with conference attendees. Rather than incurring the cost of shipping hard copy brochures, white papers and flyers to the conference, please consider creating a PDF version of your collateral and sending it to our e-Literature Library. Each Business Partner sponsor / exhibitor will have a specific category (by company name) in the e-Literature Library, so it will be easy for attendees to find your collateral.

The IBM Insight 2015 e-Literature Library will be open to receive documents on **August 3rd, 2015**. You will have until **October 9th, 2015** to send PDF copies of your collateral. The Library will **CLOSE on October 9th, 2015** – no files will be accepted after this date.

Please follow these requirements to submit your PDF files to the e-Literature Library:

- Send your e-Literature collateral to insight@us.ibm.com before October 9th, 2015.
- PLEASE DO NOT SEND MORE THAN 5 DOCUMENTS PER EMAIL**
- All documents **MUST** be PDF files – no other file types will be accepted
- Each PDF file must be **no larger than 1.5 MB** – if you have a larger document, you will need to break it up into part 1 and part 2
- All document submissions must contain the following details in this exact format:

Category: Business Partner's Company Name

Attachment: PDF file - must be no larger than 1.5 MB

Owner: e-mail address of the person who owns the document

File Name(s) / Brief Description(s): the actual PDF file name and a 1 sentence description.

(Note: please use descriptive file names, not numbers, to help attendees understand the contents; i.e., ABC Industry Solution. Keep in mind that the e-Literature Library can also be accessed from the attendee's smartphone so brief file names / descriptions are recommended)
